

NEW HAMPSHIRE SCHOOL ADMINISTRATIVE UNIT 29

CHESTERFIELD SCHOOL DISTRICT

JLCD

ADMINISTERING MEDICATION TO STUDENTS

The Principal shall be responsible for establishing specific procedures to control medications administered in Chesterfield School.

Prescribed medication should not be taken during the school day, if at all possible. Medication is to be administered by the school nurse, principal or other designee. Medication will be administered in school only after receiving and filing in the student's health record the following:

1. A written statement from the licensed prescriber detailing the method of taking the medication, dosage, and the time schedule of the medication.
2. A written authorization from the parent/guardian indicating the desire that the school assist the student in taking the prescribed medication.

All medication should be delivered to appropriate school personnel by the parent/guardian. All prescription medication must be delivered and contained in its original pharmacy container. The school nurse is directed to keep such medications in a locked cabinet or refrigerator. No more than a 30-day supply will be kept and maintained by the school. The school nurse will contact the parent/guardian regarding any unused medication. Such medication shall be picked up by parent/guardian within ten days after it's use is discontinued. If the parent/guardian does not pick up the medication within ten days, the school nurse may dispose of the unused medication and record as such in the student's health record file.

The school nurse is responsible for keeping accurate records regarding the administration of medication to students.

Students may possess and self-administer an epinephrine auto-injector if the student suffers from potentially life-threatening allergies. Both the student's parent/guardian and physician must authorize such self-possession and self-administration. If a student finds it necessary to use his/her auto-injector, s/he shall immediately report to nearest supervising adult. The school nurse or building principal may maintain at least one epinephrine auto-injector, provided by the student, in the nurse's office or other suitable location. Additionally, students may possess and self-administer a metered dose inhaler or a dry powder inhaler to alleviate or prevent asthmatic symptoms, auto-injectors for severe allergic reactions, and other injectable medications necessary to treat life-threatening allergies. Both the student's parent/guardian and physician must authorize such self-possession and self-administration.

Students shall not share any prescription or over-the counter medication with another student. Notice of this prohibition will be provided in student handbooks.

Students acting in violation of this prohibition will be subject to discipline consistent with applicable Board policies.

This policy shall extend to any school-sponsored activity, event, or program.

In addition to the provisions set forth herein, the school nurse and Principal are responsible for ensuring the provisions of Ed. 311.02, Medication During the School Day, are followed.

ADMINISTRATIVE PROCEDURE TO ACCOMPANY POLICY JLCD

ADMINISTERING MEDICATIONS TO STUDENTS

ADMINISTERING MEDICATION TO STUDENTS

A. Written Authorizations

In order for prescription medications to be given at the school, the following shall occur:

(1) The school nurse shall ensure that a written statement from the licensed prescriber containing the following be filed in the student's health record:

- a. The student's name;
- b. The name and signature of the licensed prescriber and contact numbers;
- c. The name, route and dosage of medication;
- d. The frequency and time of medication administration or assistance;
- e. The date of the order; and
- f. A diagnosis, if not a violation of confidentiality;

(2) The school nurse shall ensure that there is written authorization by the parent and/or guardian that contains:

- a. The parent and/or guardian's printed name and signature;
- b. A list of all medications the student is currently receiving, if not a violation of confidentiality or contrary to the request of the parent, guardian or student that such medication be documented; and
- c. Approval to have the school nurse administer the medication, the student to possess and self-administer and/or the principal or his designee assist the student with taking the medication; and

(3) The school nurse shall ensure the authorization or other accessible documentation contains:

- a. The parent and/or guardian's home and emergency phone number(s); and
- b. Persons to be notified in case of a medication emergency in addition to the parent or guardian and licensed prescriber.

ADMINISTERING MEDICATION TO STUDENTS
(continued)

B. Delivery of Medication to School

- (1) A parent, guardian or a parent/guardian-designated, responsible adult shall deliver all medication to be administered by school personnel to the school nurse or other responsible person designated by the school nurse as follows:
- (2) The prescription medication shall be in a pharmacy or manufacturer labeled container;
- (3) The school nurse or other responsible person receiving the prescription medication shall document the quantity of the prescription medication delivered; and
- (4) The medication may be delivered by other adult(s), provided, that the nurse is notified in advance by the parent or guardian of the delivery and the quantity of prescription medication being delivered to school is specified.
- (5) All medications shall be stored in their original pharmacy or manufacturer labeled containers and in such manner as to render them safe and prevent loss of efficacy. A single dose of medication may be transferred from this container to a newly labeled container for the purposes of field trips or school sponsored activities.

C. Recording Provisions

- (1) Each school will document the following information regarding medication taken by each student:
 - (a) Date and time of administration;
 - (b) Name of medication prescribed;
 - (c) Name of licensed prescriber;
 - (d) Signature or initials of adult present;
 - (e) Other comments.
- (2) Each school shall keep a bound book with consecutively numbered pages, in which shall be recorded in ink, the medication taken by a student and will show: the date, time of administration, the kind and quantity of medicinal preparation, the name of the prescribing physician, and the signature or initials of adult present.
- (3) If student refuses to take or spills medication, or medication is lost or has run out, such shall be recorded.
- (4) Recording cannot be altered; if an error occurs, a line is to be drawn through the entry and correct data recorded in line below and signed.

ADMINISTERING MEDICATION TO STUDENTS
(continued)

(5) Such a record shall be available to representatives from the State Division of Public Health and/or State Department of Education.

(6) Each record should be kept in a designated place for a period of time consistent with the New Hampshire Department of Education's records retention schedule.

D. Student Health Records

Physicians' written orders and the written authorization of parents or guardians should be filed with the student's cumulative health record and kept for a period of time as determined by the New Hampshire Department of Education's Records Retention Schedule. Health records concerning students who receive special education services should be retained as long as the student is in a special education program and there is district liability for the education of the student.

An appropriate summary completed at least once every school year for each medication prescribed and taken should become part of the student's health record.

The State law forbids any child for any reason to take medication without written permission of the child's Parent or legal Guardian. Permission slips are available in the Nurse's office.
