PUBLIC GIFTS/DONATIONS

It is the belief of the Chesterfield School Board that gifts of service or property, valued in excess of \$200, should be formally accepted by the Board prior to their delivery. It is the Board's view that the donor of a gift to the school district is deserving of recognition, and that acceptance of a gift should be made at a public meeting. It is the administration's responsibility to assess the gift, and to make a recommendation to the Board for gifts over \$200 in value.
